FYI. I will keep you posted on what she says about getting to Ken on this issue.

That's correct. Betsy was fully briefed in the past and I gave her and Sara an update the week before last. If Ken needs to be made aware in the short term, we will need at least a few days for preliminary passing of info. If we need to do a joint briefing for both the AA and RA once the package comes in, it would be helpful to know that soon as well.

Hope you had a good Thanksgiving!

Apparently Joan Card asked Martin if Ken has been briefed on the WY Rec UAA, so just wanted to confirm with you that he has not, but Betsey has?
